

NEW LABOR TROUBLE THREATENS ANOTHER NATION SIGNS PEACE TREATY

BULGARIA SIGNS PACT OF PEACE

(ASSOCIATED PRESS DISPATCH)
PARIS, Sept. 19.—The treaty of peace between the allied and associated powers and Bulgaria was presented to the Bulgarian mission at the French foreign office this morning at 10:10 o'clock.

After the delegates had assembled Georges Clemenceau, president of the conference, spoke briefly in opening the session. He was followed by General Theodoroff head of the Bulgarian mission. M. Theodoroff spoke for 15 minutes, pleading that the Bulgarian people were not responsible for the war, but that the Bulgarian government had thrown the country into the struggle. He realized, however, he said that the people must share the responsibility.

"They are willing to do so," he said, "but they feel that in no way have they committed such a crime as will compel them to accept servitude."

King Ferdinand and Vassil Radoloff, Bulgarian foreign minister in 1914, were blamed for Bulgaria's entry into the war by M. Theodoroff. He said the Bulgarian people did not approve of the German alliance which he declared came to them as a betrayal. "They realized they must accept part of the responsibility," he said.

"We have committed faults," he said, "and we shall bear their consequences within the bounds of equity. There is a punishment no time can justify and that is servitude."

Each of the 27 governments participating in the conference including Rumania, were present. Frank L. Polk, head of the United States delegation, sat on M. Clemenceau's right, and Sir Eyre Crowe, the new British plenipotentiary to the peace conference sat on the left.

The Bulgarian delegates M. Theodoroff, M. Sakessoff, M. Stamboloff, M. Haroff, entered at 10:10 o'clock. The Bulgarians showed courteous confidence in their demeanor.

Twenty-five days are allowed Bulgaria to present observations on the treaty terms.

Many delays have marked consideration of the Bulgarian treaty which was presented to the representatives of that government today. Work on the pact was begun on May 26, but the negotiations with Germany and Austria prevented the peace conference from completing the convention until late this week.

Although the United States was not at war at any time with Bulgaria, she will be a signatory to the treaty for the purpose of adding her influence in securing observance by Bulgaria of the covenant of the league of nations, which is an integral part of the pact. This country, however, will not be represented on the inter-allied commission charged with the enforcement of the financial clauses of the treaty.

GERMANS CURB
(ASSOCIATED PRESS DISPATCH)
BERLIN, Sept. 19.—The committee on foreign affairs of the national assembly has decided, according to the Tagblatt, to nullify Article 61 of the constitution, by which Austria would be given representation in the German reichstag. Kurt Von Lersner, head of the German delegation at Versailles, has been instructed to inform the entente powers that the demand of the peace conference relative to article 61 will be complied with.

ALLEN FUNERAL SUNDAY
(ASSOCIATED PRESS DISPATCH)
CLEVELAND, O., Sept. 19.—Funeral services for Ben F. Allen, Washington correspondent of the Cleveland Dealer, who was killed in a plane crash at Portland, Oregon, will be held here Sunday afternoon. Meridian Lodge of Masons will conduct the services. Burial will be in Cleveland. The body of Mr. Allen is due to arrive here Saturday night.

ADVENTUROUS ITALIAN
POET AND AVIATOR WHO
LED TROOPS INTO FIUME

Captain Gabriele d'Annunzio. Soon after Captain Gabriele d'Annunzio entered Fiume at the head of several thousand "irregular" troops, the government at Rome prohibited publication of any news concerning military events in the city on the Adriatic. Early reports told of withdrawal from Fiume of the British and French troops, which, at the request of the "irregular" troops, were to be replaced by Italian troops.

D'ANNUNZIO IS HOLDING FIUME, DEFYING ROME

(ASSOCIATED PRESS DISPATCH)
ROME, Sept. 19.—The time limit fixed by General Radoglio, deputy chief of staff, for the Italian troops that left their posts in the armistice zone around Fiume and entered the city with Captain Gabriele d'Annunzio, to return to their commands, expired last night. Latest advices from the scene of Captain d'Annunzio's coup showed his forces were still in control of the city.

The food situation there is said to be serious.

There have been no advices as to the blockade of the place by Italian naval and military forces but there are reports that Jugo Slav troops are concentrating on the frontier between Fiume and the Hinterland. There are indications that people not essential to the defense of the place may be compelled to leave so that the armed forces may be able to hold out longer.

According to the Messaggero, an agreement has been reached between Premier Lloyd-George of Great Britain and Clemenceau of France and Foreign Minister Tiltoni, which will insure the Italian nationality of the town, but the assent of President Wilson to the plan is yet to be gained.

The inter-allied forces which left Fiume after the arrival of Captain d'Annunzio's troops are reported to be at Abbazia, about two miles northwest of the city where they are awaiting instructions.

MIGHTY STRONG STUFF

TOLEDO, Sept. 19.—Federal authorities are investigating a report that home made whiskey so strong that it required the services of three physicians to work over twenty of its imbibers, was found in the foreign district on the East Side. The head of a local manufacturing concern reported the incident to the authorities, claiming that his factory was crippled by the inability of the workers to be at their benches. Investigation is said to have developed that two of the men had purchased stills in Detroit. Then a quantity of the liquor was made and a party held. When the fluid was consumed a score of the drinkers were stretched upon the floor.

CITY EMPLOYEES OF GREATER NEW YORK FORMING UNION; STEEL WORKERS TO QUIT WORK MONDAY

Order For Nation Walkout of Steel Unions
Stands Unchanged—Leaders Return Home From Conference

(ASSOCIATED PRESS DISPATCH)
NEW YORK, Sept. 19.—A drive to organize all employees of New York City, including policemen and firemen into one union to be known as the Central Union, affiliated with the American Federation of Labor, was well under way today. Work was being directed toward obtaining a wage increase to meet the increased cost of living and to organizing city employees who have not yet joined any union. Increases of as much as 65 per cent are being discussed.

The organization was launched last night at an unheralded conference attended by 30 members of the executive councils of 15 employee unions, representing a total membership of more than 100,000. The proposed "Central Union" was unanimously endorsed and the proposal will be put before the full membership of the organizations for approval.

PITTSBURGH, Pa., Sept. 19.—Labor leaders from various sections of the country, who attended the meetings here during the past two days of the national committee for organizing iron and steel workers, were en route to their homes today to make final arrangements for the nation-wide strike of iron and steel mill employees which is to go into effect next Monday.

All hopes for a postponement of the strike until after the industrial conference in Washington, October 6, as requested by President Wilson were lost yesterday when the committee voted down a motion to rescind the strike order and adopted a motion favoring the walkout.

In a letter despatched to President Wilson last night the committee asserted that its entire membership, the presidents of 24 international unions "representing over 2,000,000 organized men," desired to comply with his request for a postponement of the strike, if possible, and that such action would have been taken had it not been for certain "facts," which were embodied in the communication. The letter recounted efforts of the American Federation of Labor to gain a conference with E. H. Gary, chairman of the United States Steel corporation and of the latter's refusal to meet with representatives of the organization who wished to present claims of the workers.

"The facts," given in the letter as the cause of the strike, charge that "ever since the men started to organize a systematic persecution was instituted, beginning with discharge and ending with murder, recalling to us vividly the day of homestead and

the reign of despotism in Russia." "Threats and intimidations are resorted to," says the letter, "for the purpose of putting the men in fear and prevent them from the exercise of their own free will, forced into signing statements that they are not members, nor will become members of any labor organization and threatened with eviction, blacklist, denial of credit and starvation."

Stand for Open Shop
YOUNGSTOWN, O., Sept. 19.—Statements were issued today by the big independent steel companies of the Youngstown district, announcing that the principle of "open shop" will be maintained, and calling upon their employees to remain loyal and stay at work Monday, when the steel strike is scheduled to take effect. The Youngstown Sheet and Tube company, employing 15,000 men, the Brier Hill Steel company, 6,500, and the Republic Iron and Steel Company, 7,500, issued statements, which were published in foreign language newspapers today.

PLANTS AFFECTED
STEUBENVILLE, O., Sept. 19.—Four plants in the Steubenville district will be affected by the proposed strike called for next Monday. They are the Steubenville plant of the Belle Iron Works, Steubenville and Weirton plants of the Weirton Steel Company and the Mingo Junction plant of the Carnegie Steel Company.

MURDER RESULT OF FAMILY ROW

(ASSOCIATED PRESS DISPATCH)
CINCINNATI, Sept. 19.—Herman Buning, 41, died today at the General hospital and his stepfather, Lon Ross, 54, is at another hospital in a serious condition from five bullet wounds. Acting Coroner M. P. Roebeling and the police were told that Buning last night shot his stepfather and then shot himself, and that a family dispute over the \$22,000 estate left by the mother of Buning precipitated the tragedy. Buning's mother last March married Ross and a few days ago she died.

GRAPES ARE HIGHER
TOLEDO, Sept. 19.—Grapes in this district are selling for \$100 a ton as against \$30 at this time last year, due growers say to prohibition. It is said that people are making grape juice who never attempted such a thing in other years. The demand has caused the price to more than double.

FIFTY THOUSAND GREET WILSON AT SAN DIEGO

(ASSOCIATED PRESS DISPATCH)
SAN DIEGO, Sept. 19.—Arrangements whereby it was hoped the sound of President Wilson's speech would reach a crowd far larger than any that has heard him speak on his present trip were in effect today. Electric apparatus for transmitting the president's words to all parts of the stadium here, which has space for 50,000 people, was installed several days ago and after a final test today was pronounced in perfect working order.

San Diego hoped her welcome to the president would be the noisiest he has received. It included prolonged blasts from the whistles of all industrial plants and from ships in the harbor.

Since yesterday morning residents of "the back country" have been arriving here to see and hear the president some of them making automobile trips of several hundred miles.

The president's train was scheduled to arrive at 1:30 p. m., having started south from Oakland soon after he had finished speaking there last night. The address at the Stadium here was the only one on his program for today but it was expected at Santa Barbara that he would make a brief stop there, inspecting a ranch property he owns in that neighborhood and making a brief talk from the platform of his car.

Late today the president is to return to Los Angeles through which city he passed this morning on his way here. Tomorrow and the following day will be spent there.

BRIDEGROOM KILLED
BRYAN, O., Sept. 19.—The band of death quickly separated Mr. and Mrs. Ira C. Summer, who were married in Bryan. Driving home in a Ford automobile after the wedding the machine upset in a ditch north of Bryan and Summer was rendered unconscious. He died in a hospital at Montpelier on Tuesday. His wife received slight injuries and will recover.

DOGS ARE SEASICK
TOLEDO, Sept. 19.—Out of six thousand American troops, 115 French brides and 75 Belgian police dogs, who arrived recently on the Imperator from Brest, only the dogs were troubled by sea sickness, according to Capt. Victor B. Halbert of Sylvania, near here, on his return from a year's service in a base hospital in France.

NEW YORK SAID TO BE
PRESIDENT'S CHOICE FOR
AMBASSADOR TO BERLIN

George McAnaney. Reports from Washington state that George McAnaney, of New York City is President Wilson's choice for ambassador to Berlin and that his name will be sent to the senate as soon as the peace treaty is ratified. Mr. McAnaney, at one time Borough President of Manhattan, is now executive manager of the New York Times.

Police Search For Bandits Who Got \$10,000

CLEVELAND, Sept. 19.—Police of Cleveland and several nearby cities early today were still searching for the five automobile bandits who yesterday locked two persons, an employee and a patron, in a rear room of the Nottingham Savings and Banking Company and escaped with \$10,000 in currency and Liberty bonds.

Akron authorities are working on a report that two of the robbers were from Akron and that a third, a Cleveland, had lived in Akron for some time. The banks loss, officials said, is fully covered by insurance. An unsuccessful attempt was made to rob the bank three years ago.

HELD FOR MURDER
LEXINGTON, Ky., Sept. 19.—George Osborne is being held for the murder of his brother-in-law, John Reynolds, who was found dead on a country road. Osborne's automobile had gray hair on the front similar to Reynolds'. Osborne says he has an alibi. His trial is set for Friday.

SEARCH SEA FOR MISSING SHIP, 9 DAYS OVERDUE

(ASSOCIATED PRESS DISPATCH)
HAVANA, Sept. 19.—Two Cuban gunboats are searching along the northern shore of the island and in the Bahamas for some trace of the Spanish steamship Valbancera, which is nine days overdue and for the safety of which grave fears are entertained.

The steamer with several hundred passengers on board, arrived off Morro Castle on September 9, when a great tropical hurricane was raging and being unable to enter port, put out to sea, to wait for the storm to abate. Paint wireless calls supposed to come from the Valbancera have several times been picked up here and at Key West, but they were so feeble that the location of the vessel could not be learned.

While those who have hoped the ship was safe are beginning to be pessimistic over her fate it is pointed out that on one former occasion she rode out a storm fully as violent as the one of last week, reaching port 14 days overdue and with her upper works virtually stripped away by mountainous waves. They say the ship was equipped with water-tight compartments and was supposed to be unsinkable.

Grand Jury Hits At Boast In Doctors' Charges

PORTSMOUTH, Sept. 19.—In a special report made on its own initiative, a grand jury here at the close of a four days' session, hit at the reckless driving of automobiles, scored the boost in prices by local physicians, members of Hempstead Academy, and also the high cost of living and protested against the high prices charged by Portsmouth merchants, hucksters and other dealers, criticized the telephone companies, urged the erection of a new county court house and jail and also protested against the holding of street carnivals in city parks. Twenty-seven indictments returned were for routine cases only.

CLEVELAND, Sept. 19.—The jury in the trial of seven officials of the Ohio Farmers' Co-operative Milk company, tried for alleged violation of the Valentine anti-trust law, finds the defendants not guilty. The verdict, which was returned sealed last night, was read in court this morning. The men were indicted in connection with a county grand jury investigation into the high cost of living.

Commission Men Undersell City Market Prices

HAMILTON, Sept. 19.—William C. Atherton, acknowledged head of local commission merchants, announces he has six cars of potatoes en route here which he will sell at \$1.80 a bushel, thus underselling James A. Murphy, who under the jurisdiction of the city food commission has two car-loads on hand to sell at \$1.90 a bushel. Atherton also has two car-loads of cabbage to sell at two cents a pound, against four cents a pound charged by Murphy for the city. Atherton also announces big shipments of apples. Atherton is credited with trying to "show up" the food commission, but members of the latter are pleased at the radical drop in prices.

HUNDREDS OF BODIES OF TEXAS FLOOD VICTIMS BURIED WITHOUT IDENTIFICATION

(ASSOCIATED PRESS DISPATCH)
CORPUS CHRISTI, Texas, Sept. 19.—With a large amount of territory still to be explored, searchers today redoubled their efforts to recover bodies of persons who lost their lives in the Gulf hurricane, which struck this vicinity last Sunday.

That dozens of persons who lost their lives probably never will be identified was the belief expressed as reports came in that burial parties were interring bodies as rapidly as found for sanitary reasons.

Today 284 bodies had been reported buried and of that number only 82 identified. Relief measures for relieving the distress of 3,000 to 4,000 persons made homeless by the storm were reported to be progressing satisfactorily.

A rescue party started today to Mustang Island, where 11 persons who were on board the wrecked launch Waldo are marooned.

The Waldo left here Saturday afternoon for a trip into the outer bay and no word was received from her until last night when L. M. Woodward, of Houston, a member of the party, arrived here with news of his companions' plight.

The launch party was given in honor of Mr. and Mrs. Marshall Anderson, of Houston, who recently were married. According to Woodward they stopped Saturday at Corpus Pass to spend the night at Newport club. At midnight they were awakened by the hurricane. With waves rapidly climbing higher up on the shore they were forced to quit the building and seek higher ground. Finally at

the top of Padre Island, they found themselves surrounded by water. Members of the party said their forebells and prepared for the coming of what they thought was certain death.

Just then a tent floor, carried on the crest of the waves was swept toward them. Tying the women securely to the floor the men launched out just as a deluge of water swept away their late refuge place. For some time the unwieldy craft was battered about entirely at the mercy of the churning waters. Finally it was thrown ashore. There they remained until the waters had subsided somewhat and from an old fisherman obtained their first food in 30 hours.

Through the storm swept area of Corpus Christi are wide stretches of sand and shell where last Saturday stood homes that had made this city

of 15,000 a resort of national repute. Fifteen hundred homes stretching along the beach for 23 blocks were crushed and hurled away or wrecked by the tidal wave, which reached a depth of 15 feet in most places. Over much of the beach section not an indication of former homes now remains, except here and there a bath tub or part of a brick chimney.

From Star street, where the business section on the beach terminated to Dan Reid street, every one of the 100 beach homes has been destroyed, most of them beyond trace.

In the business section the buildings utterly demolished include the city's electric power plant, and until this service is restored, which probably will not be for at least 30 days, there will be no electric lights or street car service.

REDUCED PRICES
OF ARMY CANNED
MEATS PUBLISHED

City Has Considerable
Stock of Food Still On
Its Hands

FOUR TONS OF BACON

Tomatoes and Beans Also
On List at Market
House

The city has taken another step
to reduce the high cost of living by
reducing the price of the army canned
meats on hand at the market
house. This announcement was
made this morning by Marketmas-
ter John Herboltzheim.

There are on hand approximately
four tons of breakfast bacon upon
which the price has been cut from
two to four cents per pound, the
marketmaster stated.

The bacon which sold in the tin
formerly was being disposed of at
37 cents per pound. This may now
be purchased at 35 cents. The slab
bacon which was sold at 35 cents
may now be bought at 33 cents per
pound. Canned roast beef will be
sold at 50 cents for the one pound
tin, 60 cents for the two pound tin
and \$2 for the six pound tin. The
price of this was formerly 40 cents,
70 cents and \$2.10 respectively.

The entire supply of corned beef
hash has been sold, the market mas-
ter stated.

There is yet on hand a number
of cases of tomatoes and war beans
which are being sold at the original
price. That is, 16 cents per can
for the tomatoes, and 12 cents for
the beans.

MOTHERS,
WHAT ABOUT THIS?

Of what benefit will an edu-
cation be to your children
if they graduate from school
with impaired health or de-
fective sight?

Only twenty in every hun-
dred babies are born with
perfect eyes, defects in the
other eighty vary, but all
should have attention when
the child reaches school age.

You are apt to neglect this
important matter for the
reason that children very
seldom defect eye trouble
themselves.

Williams, J. J. Wyre and O. D.
Fisher.

J. B. Dugan, resident manager
of the Ohio Electric was present at
the meeting and spoke in the inter-
est of his company's claims. The
real estate men were informed that
Dan Morris representing the Citi-
zens committee for the new light
bond issue has arranged a meeting
with the Chamber of Commerce to
present the citizens side.

A second committee is to be nam-
ed by President Webb to attend the
state real estate convention at Col-
umbus on October.

and get together meeting last night
in the College reading room. This
reception is held every year to wel-
come new students into the college
and is in the hands of the Y. M. C.
A and Y. W. C. A. of the college. A
short program was given interspers-
ed by several vocal numbers by Prof.
G. A. Lehman and Miss Ellinora
Franz. President Mosman, in a short
talk spoke of the advantages a
small school enjoys over a larger in-
stitution. He paid a glowing tribute
to the loyalty and hard work of the
professors. He said in part that
Bluffton college had a heart and
soul and an earnest wish to help its
students to make the most out of
life. In closing Mr. Mosman ex-
tended a hearty welcome to the new
students that they might enter into
their duties and responsibilities in
the best possible way.

After refreshments the entire stu-
dent body rose and sang the Alma
Mater.

THE THIRTY-HOUR WEEK.

There are few occupations so hard and hazardous as that of the coal miner. We do not know of any worker more entitled to high compensation for his labor. And we can think of nothing more abhorrent to American sense of justice than a refusal of mine operators to share their profit to the fullest rational extent with the men who dig in the underground darkness with the perpetual imminence of death about them.

But it implies no inappreciation of the miner's work to doubt the wisdom of the suggested demand of the miners' organization for a six-hour day and five-day week. The proposal to cut down coal production at a time when the urgent need of the country is enlarged production in every line of industry seems, on its face at least, to be peculiarly thoughtless and selfish. For practically every other industry in the nation is dependent upon coal. And a seriously reduced coal output would spell not only tremendous loss to millions of American workers, with a greatly increased cost in most necessities consumed by these workers, but dire danger to the life and health of all our people.

England just now is experiencing a reaction from the lessening of coal production and a huge advance in the price of coal as a result of the government's compliance with the miners' war-time demands for short hours and increased compensation. The falling off in coal tonnage has seriously crippled industry and inevitably made for an advance in the price of articles whose manufacture involves the use of coal. But it has brought the government face to face with another situation which is menacing. The high price of coal and the shortage of supply has borne down upon the poor to such an extent that they have been demanding that the government cut the price of this necessary. The consequence is that the government is caught between two millstones; it cannot cut the price of coal without reducing wages or increasing the production. The interest of the miners comes into direct conflict with the interest of the masses of other workers.

It may be possible that a thirty-hour week of continuous employment would produce more coal than the present system with its intermittent days of labor, we do not know whether the miners have considered that question or not. And it is possible that production is now restrained by the mine operators themselves with a view to keeping up the price. It is obvious, however, that one of the first essentials toward a reduction in living expenses is an ample coal supply for industry and transportation. The miners would show a more patriotic attitude and more consideration for their fellow workers if they should manifest a desire to produce more coal, instead of less. If the mine-owners are curtailing production, they should be put in jail and their properties operated by the government. The real injury involved in a lessened coal output, after all, will not be to the mine operators or the manufacturers dependent upon coal, who are able to pass the increased expense on to the public and to bear the shortening of production in their own lines. It will fall upon the workers in the form of enforced idleness and increased prices of necessities.

England may find it necessary to solve the conflicting demands of the miners and the coal consumers by nationalizing the mines; at present that is said to be in contemplation. If nationalization is the real purpose back of the thirty-hour week proposal, the strategy of the miners is good. For adoption of such a schedule, we believe, would sooner or later make nationalization inevitable. Whether the miners would profit by such an accomplishment however, is open to debate.

GOOD EVENING—"Some people have such a grudge that they sour the milk of human kindness."

The men that have had to stay home since July 1, don't mind that so much as being neglected by the women folks who have to go to the picture show every night.

There never was a man or a woman who simply had to get a lot of gossip out of his or her system that didn't explain that it was his or her duty to tell about it.

According to the newspaper stories Ira Woodhouse fought in four wars and has enlisted again for some other country that has a fight on. At this rate it won't be long until all the world will have to do to an offender is send him out to the Woodhouse.

The milk men over in New York are making such comprehensive demands in the way of time and overtime and all that, we believe if we were their employers we would compromise the business and turn the cows over to 'em.

We see that Germany is to deliver 20,000,000,000 tons of coal to France, which is not so bad punishment, though a lot of folks had a plan to have the Huns shovel coal forever instead of hauling it.

HAPPY THOUGHT: Why not give Mexico what she is looking for!

Sombody is suggesting that Hughes run for president. Why not nominate Adam or Noah—neither are any leader than Hughes.

OUR BED-TIME STORY

FOR TINY TIMES-DEMOCRAT FOLKS

Lamar, the Swiss guide, was telling Jack and Jane all about mountain climbing when he had to stop the last story. So now we'll hear some more about it. He said:

"When the climbers came to one of the great cracks in the mountain the guide tests the ice and snow along the edge by striking it with his stick and then by walking on it. He tells the other climbers to stand very still and brace themselves so that, if the ice breaks off and lets him down over the edge of the crevasse they can pull him up by hauling on the rope."

"But doesn't the guide get afraid when the ice breaks off and drops him down into the crack?" asked Jack.

"No, because he is used to such accidents," answered Lamar.

"He knows the rope will hold and that if the other men have followed orders they will stand still until the guide calls up to them to pull up on the rope. Then he helps them by digging into the sides of the crack with his toes and stick."

"When he is safely up again they find a new place where the ice is firm and the crack is narrow enough to jump."

"Oftentimes the side of the mountain is so steep that the guide must chop steps in the ice before the other can climb to the next level place. This he does with his Alpine stick, which has a small sort of a pickaxe on the end of it."

"The guide must find shelter for his party if a storm comes up while they are on the mountain. If they tried to weather the blinding snow and wind storms on the open mountain side they would either be swept over cliffs or frozen to death. The guide, who knows how to read storm warnings in the clouds, finds a small cave or space between the huge rocks and makes his party stay there until the storm is over. Oftentimes the cave is buried in snow and the men have to dig their way out but no harm comes to them."

By this time the airplane was hovering above the landing place pointed out by Lamar so Captain Brave

circled down slowly and finally brought the giant flying machine to a stop on the smooth icy surface of the little level stretch on the mountain.

Ladydear had seen to it that the children were dressed warmly for the trip so they weren't afraid of getting cold. Jack had on a heavy sweater that came away up to his chin, high-topped shoes, heavy cap and mittens. Jane had on a heavy coat of the brightest red cloth you can imagine. A red belt ran around it at her waist. She had a red stocking cap and mittens to match. She wore heavy little shoes.

Booh, of course, wore the same coat he always had—his fluffy white fur. For dogs don't have more than one suit of clothes you know. He didn't feel a bit cold when he jumped from the machine to the ice. But it wasn't long before his feet got pretty cold and the next thing Jack and Jane knew he had leaped back into the airplane again and was sitting up by the motor—which was warm, because it had been running.

DOCTOR URGED
AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me. —NELLIE E. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md."

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

WHY THOROUGH DIAGNOSIS IS
REQUIRED BY KIDNEY AILMENTS

By DR. LEONARD KEENE HIRSHBERG
A. B., M. A., M. D. (John Hopkins University)

When your kidneys ail you, be the cause what it may, their work is considerably more or less interfered with. Then the waste matter in liquid form fails to be sieved and filtered out by the microscopic tubes and funnels of the kidneys and to pass out thoroughly. It becomes dammed up and held within the confines of the tissues, which need to be cleaned.

Headaches, laziness, vertigoes, dropsties, drowsiness, shortness of breath, bronchitis and other symptoms not to be accounted for in various other ways, should direct your attention to the kidneys—never pains in the small of the back. The two eternal fallacies which the world seems not to tire of are that "pains in the back" mean kidney trouble and "gin is good for the kidneys." The facts are that gin is one of those alcoholic beverages which helps to eat away and destroy kidney tissue.

There are several maladies which Prof. Bright discovered that go under the name of "Bright's disease." There are many other disorders of the kidneys, such as lead poison, bulged kidneys and tuberculosis, water-logged, amyloid, stony and abscessed kidneys. It often requires a whole group of physicians, each to do his particular task, to find out exactly what is wrong with the human house.

When the human kidneys become diseased from any cause whatsoever they are unable of themselves entirely to get rid of waste products, which accordingly remain and not only irritate the kidneys, but poison the human fabric as well.

Nature has sought to provide a protection against this condition by means of certain enzymes contained in the kidneys, among whose duties are the prompt transformation and elimination of such products.

In health, the two kidneys are able to take care of this process. In disease, the task becomes too great for them, and then it is that outside assistance is needed.

It requires a biologist, a chemist, an X-radiologist, a spectroscopist, a blood tester, an ophthalmologist and a microscopist, besides an observant family physician or a surgeon to gather all the facts needed to restore the human house to its best state.

All sorts of instruments and methods are needed unless you are content to have a half-trained person, tell you it is "rheumatism," "chills," and fever, "gravel," "headaches," "fits" or "vertigo" and then are satisfied with some recommended remedy, which deceives you and lulls you into a foolish sense that you are well because you may seem to feel all right.

Play sure with yourself, therefore, and do what is just to a long and healthy life, to wit, go to any amount of trouble first to find precisely what is wrong before you take some quick, easy road to a ready relief that deludes you until "all is lost, except folly."

A. K. A.—If you will send a stamped, self-addressed envelope be glad to answer your questions.

MR. F. C. F. Q.—What can I do for epilepsies?

A.—Epilepsies of a special kind is cured by surgical measures. Much help comes to others at times from the use of bromides, especially the effervescent bromide tablets in water. Plenty of water should be drunk three quarts a day. The intestines should be always kept active. No muscular work or housework may be done, and no meat usually eaten. The diet is not essential other than the avoidance of gluten and excesses, or the artificial stimulation of tobacco and other drugs.

Dr. Hirshberg with answer questions for readers of this paper on medical hygiene and sanitation subjects that are of general interest. He cannot always undertake to prescribe or offer advice for individual cases where the subject is not of general interest. Letters will be answered personally, if stamped and addressed envelope is enclosed. Address ALL INQUIRIES to Dr. L. K. Hirshberg, in care of this office.

QUEER CASE COMES UP IN ALLEN COURT

DELPHOS, Sept. 19.—The case of William C. Baxter vs. C. Marks, is set for October 7, in Allen common pleas court. This case grew out of an offer made by Mr. Marks through the columns of the Herald stating that he would pay \$100 to anyone who would furnish the name of the party who had said that he was not a patriotic citizen. Mr. Baxter informed him that he, Mr. Baxter, was the party who had said it and claimed the reward.

Mrs. John A. Wagoner passed away at her home six miles northwest of Delphos at about 9:30 o'clock Wednesday evening, after a lengthy illness.

Her death came following an operation which was performed at the Van Wert county Hospital on June 15 of this year for the removal of a foreign growth. Although she recovered sufficiently to leave her bed for a time, the shock of the operation was too great for one of her advanced age and her condition has been considered to be serious constantly since the operation.

The officers of the Commercial club have been instructed to sign a contract in the name of the club with the American Road Machinery company guaranteeing to them the payment of ten thousand dollars, the portion which Delphos people have offered to pay on the cost of the new building to be erected at the local plant of the company.

PUGLEST TO WED

Fall Suits, \$25 to \$165

No season in many years has presented such diversity of styles as this fall. The coats vary from hip to knee length, some severely plain straight line models, while others introduce ripples, fancy belts, blouse effects, vests and fur collars, cuffs, pockets and patches.

Some of the models are semi fitted, others hang loosely. Broadcloths, Velours, Duvety, Silvertone, Serges and Tricoline are the favored materials. Braids, buttons, fancy stitching and fur used for trimming, almost every imaginable color is found in one model or the other.

Fall Dresses, \$21⁵⁰ to \$115

Straight line—draped—tunic—there are so many models and each so different that it's hard to decide which is in the lead. There are dresses for every time and place, each one designed upon the lines best suited for its use and made of the most appropriate material.

There are dresses of satin, pussy willow, tricotette, paillette, georgette, tricotette and serge and combinations of georgette with satin and serge with satin. Many are elaborately beaded, embroidered or braided and a number are handsomely trimmed with lace.

Fall Blouses

\$4.98 to \$25.00

What a variety is offered for your choice! Russian Blouses, apron-front and gilet effects, as well as regular models. Georgette, crepe de chine and satin are the materials most in evidence. Their prices are most moderate.

New Ripple Sweater

\$9.75 to \$13.75

Among the newest arrivals for Fall are these Ripple Sweaters—very pretty styles indeed, with bell and puffed sleeves—the color range is quite complete.

Our Men's Store Is the Business Man's Store

GOOD business men are always pressed for time. They are constantly seeking new ways to effect a saving of business hours.

That is why we cater to men who want good clothes and insist on knowing they are getting good clothes without wasting time. Our clothing and furnishings for men are absolutely reliable in quality and style down to the most minute detail.

Your next suit, or what not in men's apparel, should come from our store. Let us save you time and trouble.

Men's Suits and Top Coats

Winter is immediately ahead, and there are many reasons why you should make earlier preparation than usual for the cold months, among them scarcity of woolen cloths, increasing labor costs, and shortage of production.

The necessity for good clothes made of good materials and with good workmanship has been strictly complied with in our new purchases.

The new waist line suit in many attractive fabrics of wool is here for your convenience. You can purchase a top coat of similar lines and materials if you desire.

DINNER

Mr. and Mrs. Francis O'Connor, of Brice avenue, entertained a circle of friends at dinner Thursday evening. It was a very pretty affair, a color scheme of pink and lavender being carried out, pink rose buds centering the table, while large tulip bows of lavender added just the proper contrast. Place cards were in pink, with miniature bows of lavender tulip in one corner.

Covers were laid for Dr. and Mrs. Harvey Basinger, Mr. and Mrs. Walter Renz, Mr. and Mrs. Carl Snook, Mr. and Mrs. William Renz, Mr. and Mrs. Carl Renz, Jack Lynch, Clifford Bradford and the host and hostess.

TAG DAY

Saturday the Womens Board of Managers of the City Hospital will conduct their annual Tag Day. Headquarters will be at Hamans and a particularly successful day is anticipated.

LUNCHEON-BRIDGE

Mrs. Grace Hollister, of north Macdonell street, entertained charmingly with a luncheon-bridge Friday at her home. Guests included members of the West End Bridge club who enjoyed the delicious luncheon, which was prettily appointed, and then the afternoon was spent informally. There was bridge for those who cared to play, and comfortable chairs were arranged on the porch for those who brought light needlework. Mrs. Gessler, of the Philippines, was the only out-of-town guest present.

LUNCHEON-BRIDGE

Mrs. John Allgire, of Elmwood Place, is entertaining Saturday with a luncheon-bridge, at the Elks club, in honor of her son's fiancée, Miss Florence Freught, of Louisville, Kentucky.

J. W. Jackson, of West Market street, will go to Columbus, where he will attend the meeting of the American Insurance Union, there September 21st to 23rd.

Mr. and Mrs. John Scully, of North Elizabeth street, have been called to Detroit, to attend the funeral of their nephew, the late Clarence Hargellege.

Miss Ethel Bivacree, of West McKibben street, has as her guest, Miss Iris Stewart, of Dayton, and Miss Florence Freught, of Louisville, Kentucky.

Mr. and Mrs. R. O. Bigley, and Miss Nell, of west Market street and Edward Wallace, of south Baxter street, have returned from an eastern motor trip. Most of the time was spent in Philadelphia, where they attended the Knights Templars Conclave.

Luncheon-Bridge, Mrs. John Allgire for Miss Roween Kahle. Elks Club, 12:30.

MUSIC CLUB

The officers of the Womens Music Club, will be at Hamans store Saturday all day, from 9 o'clock in the morning until 5 o'clock in the evening to give out year books and tickets. All who possibly can, are requested to call for them at this time, as there is a long waiting list for associate membership, and these books must be taken before October 1st.

There is a correction to be made in the year book, however. The first artist heard was to have been James H. Rogers, noted organist and composer, who finds that he has conflicting engagements and is to appear in Cleveland on October 9th. In Cleveland he is a prominent musical figure.

A splendid contralto, Martha S. Sterie, of Pittsburgh has been secured for this date. She will sing the contralto solos in Cadman's new "Shawnees," or parts of "The Robin Woman." All the other parts, her accompanist will play as piano numbers. This recital will be held in Memorial Hall as all others will be this year, with the exception of organ recitals. Mr. Rogers will be heard here in November, making an extra artist recital.

D Allen Applis, of Brice avenue, returned to his home Thursday from Andlavia, where he accompanied Mrs. Applis, who is taking the treatment there.

XXXV.—THE LURE OF YOUTH MOVE

I went to keep my engagement with young Berry Williams that afternoon in a very complacent mood. The morning's interview with Bob Calloway troubled me not at all though it had culminated in a denouement unexpected even to me. I had not previously conceived intention of telling him that I cared for him. But, as in most of my affairs, my love of histrionics has carried me beyond my calculations. I am swept away always by my own enjoyment in creating dramatic situations. Yet in reality my feet never leave the ground and my intellect remains as coolly appraising as before. Though never consciously calculating and therefore frequently finding myself in an awkward situation, I have an uncanny aptitude for getting myself out again, and my confidence in my own ability amounts to a fetish.

I gave my whole attention to Berry Williams that afternoon and he responded with the usual flattered expansiveness. He chattered of college, and games and picture shows, and fraternity escapades. I found him refreshingly young and naive. But he startled me to the realization that it had been a number of years since men had talked these youthful subjects to me. It had never occurred to me that I might grow old—I was still so gloriously young in face and figure. But my mind, my attitude toward life, were beginning to show signs of living too swiftly and intensely. I once read in a newspaper a description of a very young girl who, though innocent herself, was brought into court, as the result of a raid on a gang of counterfeiters; the line "her eyes seemed to have looked on life a thousand years" remained in my mind. Frequently I searched the mirror for some hint of the hardness, or canny wisdom, which I dreaded to meet in my own eyes.

I, like most other shallow women, measured life by youth. The stories of world-famous sirens who had swayed hearts and kingdoms after they had become grandmothers meant nothing to me. White-

JUNIOR LIGHT BEARERS

The initial meeting of the winter term of the Junior Light Bearers will be held Saturday afternoon at the home of Mrs. W. B. McClaren, S. Baxter street. The meeting is set for 2:30.

DELPHIAN CLUB

Next Wednesday, September 24th has been designated at the Delphian club as being guest day. Mrs. Wallace King's attractive country home will be the setting for this party when each member will entertain a guest.

Mrs. Kirk B. O'Ferrall, of Oakland Park Place, entertained the Delphian club for its first meeting of the winter, Wednesday afternoon, and Mrs. Lawrence Stoneburner, of West Market street, will have the next regular meeting, in two weeks.

BIRTHDAY PARTY

A number of the friends of Miss Joe Burgoon, of north Park avenue gathered at her home Thursday evening to assist in the celebration of her birthday anniversary. During the evening, dancing, music and a contest entertained the guests. In the contest Edwin Parkman was the winner of the prize. There was a full jazz orchestra gotten up among the guests, there being saxophone, drums, violin and banjos.

Guests enjoying the evening were, Miss Ethel Mendenhall, Miss Louise Maurer, Miss Marguerite House, Miss Evandeon Brown, Miss Mildred Brown, Miss Bonita Bressler, Miss Velouise Bressler, Miss Doris Bressler, Miss Verna Seits, Miss Dorothy Welty, Miss Catherine Welty, Miss Madge Breesse, and Ted Siferd, Ralph Siferd, of Wapakoneta; Dick Breesse, Edwin Parkins, October Westbay, Frank Rakestraw, Marvin Copp, Floyd Doyle, John Fletcher, Rexford Burnette, Eugene Chase, Wesley Burgoon and John Clark.

Walter Carnes, of New York City, stopped over Thursday for a day with his brother and wife, Mr. and Mrs. John R. Carnes, of State street, while enroute to his home from Chicago.

A Chance to Live

(By Zoe Beckley)

FOUR LEAN YEARS

Just before Christmas the baby was born—another boy, whom they named, David. There was scant ceremony attending David's birthday. His mother worked at her household tasks as much as usual; then went round to the hospital, two or three blocks away, was registered, card-indexed, examined, and passed through to the proper ward, along with a dozen other tenement mothers. She and tiny David were cared for decently kept the regulation nine days given some stereotyped instructions in care and feeding, and duly sent home to East Sixteenth street, where Annie took up her new problem of caring for four on fourteen dollars a week.

To chronicle the life of the Carrolls for the next four years would be like studying a strip of celluloid cinema film. Each week, each month the picture was ever so slightly different. There was change and progression, but only by observing it at considerable intervals could it be seen.

They stayed on at the Sixteenth street tenement, which fell into worse repair every day. When some youngster kicked out one of the up-rights of the bannister with his stubby boot, it remained out. A lost knob on the front door was replaced by a bit of knotted string. The pane that Robbie cracked by beating on it with his soup spoon had to be care-

fully pasted with paper and still more carefully washed whenever Annie "did" the windows. Their furniture grew shabbier. The rug wore through and had to have a small cheap mat thrown over it. Everything was a little poorer, a little more battered.

At the end of a year Bernard was "raised" to \$15. He was still a ship-ping clerk in the same chemical firm. At the end of the second year he got \$16. And there he stopped. In due time arrived another baby, a girl, but Bernie's sixteen dollars became a wall against which the needs of his family pushed and battered in vain.

He wanted to find something better, for the cost of living was raising at an astounding rate. But he had no time to hunt. Four evenings a week he went to the public school gymnasium, getting a little exercise and sociability in exchange for instruction and supervision. Once in a while in his lunch hour he would try to follow up some advertisement he had seen, but it was always the same story—the job had been filled by an earlier comer, or he was compelled to wait so long to see the man in charge that his time was up before anything could be consummated.

Gradually he stopped trying. Annie, always studying him closely, saw he was beginning to settle into the rut, becoming like thousands of

other young men whose over increasing family responsibilities kept them chained to monotonous toil. Like the man next door to the Carrolls, who had a wife and five children, and was a driver for a milk company at \$18.50 a week, he could see no way out but to keep on working at what he had.

Annie saw, too, with heaving heart, that Bernie was quieter, less spirited than he used to be. He was not morose. He just seemed to have lost his buoyancy. He never spoke nowadays of the "chances" there were if you only got in with the right people. He never read the financial columns, or mentioned "pools" and "fliers." Annie was glad of this particular thing, but sorry for what it portended—that Bernie no longer cherished his dreams of prosperity, no longer looked hopefully to "making his five thou" a year, with a nice little gas buggy and a house in Jersey. Annie sighed over her dish-washing and darning as she remembered his youthful talk back at Simms's.

Dear Miss Fairfax: I am going to Washington, D. C. to take a government position. Is there any college of education there, or any university where this course is given. Are there any night classes in these colleges? Please give me the address of such a college?

M. L.
Ans.—The Trinity College, Washington, D. C. has a teachers' college. I think you will find that none of the colleges have any evening classes, as not enough work could be taken at night to warrant the giving of a degree.

Dear Miss Fairfax: For some time I have been wanting some recipes for pie fillings and wondering if you can give them to me. Can you tell me of ones that will be quite rich and smooth, without lumps or curdling, for lemon, cream, butterscotch and chocolate? Please give me the quantity for six pies each.

Mrs. Cooke.
Ans.—I will give the quantity for one pie for each of those fillings and you can increase the amount yourself. Cream, one pint of hot water, a pinch of salt, butter size of a walnut, four heaping tablespoons of sugar, two tablespoons of flour and the yolks of two eggs. Moisten the flour with a little milk, stirring out all lumps, add melted butter and other ingredients, stir into the hot water and cook until thick. Add one teaspoon of vanilla. Beat two whites to stiff froth, add tablespoons sugar and pinch of salt and spread on top of the filling. Brown

"Gets-It Peels Your Corns - Right Off"

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not "Get" is "Gets-It." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-budding." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses. It means a quick certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Lima and recommended as the world's best corn remedy by Hunter's Drug Store.

ENLARGE ST. MARYS FISH HATCHERY

ST. MARYS, Sept. 19.—The Lake St. Marys fish hatchery is to take a major place among the hatcheries of the state. Announcement to this effect was made by U. S. Deputy Warden M. A. Charlton on his arrival to look after repairs and enlargement. Mr. Charlton says two pools will probably be added to the present total of six. The pools may occupy space in the borrow pits opened to the east of the hatchery in excavating for the present hatchery.

Drainage of the hatchery is to be improved and made more positive. It is expected also to provide for larger water supply by means of an inlet from Lake St. Marys, Warden Milinski states, having made preliminary arrangements for such inlet when he was employed as inspector of hatchery building.

Why it hasn't rained of late is because for three weeks a roof has been "off" a building at St. Marys Foundry. Charley Dine himself says that's the reason. Mr. Dine further says he regrets the circumstances because of its general effect, but could not help it. The roof was finished today ready for a shower.

Declaring she is the daughter of

a Methodist minister and that she formerly lived in Montezuma, Nellie Wheeler, identified with Veal Brothers' carnival, was arrested in company with two men at Portland, Ind. She was still in jail and making an effort to raise funds to pay her fine

at the time of a press report from Portland. The men, it is said, were released. Miss Wheeler was employed to pose in an "oriental village" at the carnival. She says her mother is dead and that she does not know where her father is located.

OTTAWA FAIR TO BE BIG PUTNAM EVENT

OTTAWA, Sept. 19.—The big Putnam county fair, Oct. 7-11, brings more good luck than a rabbit's foot, a four-leafed clover or a horse-shoe. Prizes for all. There will be many good and great features. The W. C. T. U. will be in charge of the Ladies' rest room. On Thursday, Victory Day, the children, all participants in the Junior Contests, soldiers, their wives, mothers, widows, will be admitted, free. Corn selection contest, best 6 ears, any color, 1919 crop. There will be a tractor exhibit. Leipsic Grange will use one entire building. Aug. Heckman, in charge of the education exhibit for years, promises something big. There is a chance for money making. It is a great place to see the rural populace on a holiday. He will be there and she will be there. It will be a great reunion of old friends and times.

Philip Nenschwahr had a fine new Dodge touring car stolen from his garage at Pandora.

The Pandora Feed club won 7th prize at the State Fair.

The Rev. W. S. Culp, formerly of McComb, has been assigned to the M. E. Church, Columbus Grove. The Rev. Joel Vancil, owner and proprietor of the centennial-News-Review, sold to Editor Curtis, Kalida, and has gone to Menedji, Minn., where he is engaged in evangelistic work.

The marriage of Wm., son of P. D. Amstutz, and Mary, daughter of Dan'l Schumacher, will be solemnized at noon, Sunday, at Pandora.

One corn-cutter and shucker tells that he received almost \$70 for a week's work, and it rained part of the time. It surely rained dollars for him. Some profiteer!

The Ladies' Aid Society of the Presbyterian Church will put on

"The Wishing Ring," directed by The Rogers Amusement Co., early in October.

The County W. C. T. U. will meet at the M. P. church, Sept. 25.

Dallas Kirk, Leipsic, is converting his property on East Sycaamore St., Columbus Grove, into a garage, to be occupied by Jos. Fruchey.

Mr. and Mrs. Russell Grainger, have moved to Lima.

Glenn Saunders has been discharged from U. S. service.

Mr. and Mrs. P. E. Gross, Melrose, former Ottawa residents, announced the birth of a daughter, Juanita Elizabeth.

Theresa, 12 year old daughter of Wm. Maas, was taken to St. Rita's, hospital, Lima, where she underwent an operation for appendicitis.

The following Columbus Grove young people are attending the various colleges: Helen and Harold Kohr, Wooster; Edward Laypart, Robert Jones, Lawrence Mapel, Lemuel McKarcher, Nolan Morris, Leonard Basinger and Chas. Morris, to O. S. U.; Florence Killen, Mildred Basinger, Mary Campbell and Chas. Smith, O. W. BRYANT WASHBURN in "A Very Good Young Man"
A Paramount Picture
AT THE FAUROT TONIGHT.

FAUROT — BRYANT WASHBURN

Bryant Washburn, who stars in "A Very Good Young Man," a Paramount picture, which is at the Faurot has placed his stamp of approval on the production by declaring that he considers it one of the best pictures in which he has ever appeared.

"This role of the very good young man," said Mr. Washburn, "is a unique and original one, and one that should provide genuine entertainment for film patrons. I enjoyed my work in this picture immensely and think it is one of the best in which I have yet starred."

An interesting feature of the cast which supports Mr. Washburn in this picture, is that four girls, each named Helen, with the exception of one variation of that same name, appears in the cast. Two of these, Miss Helene Chadwick and Helen Jerome Eddy, are popular in film circles as leading women, and their work is familiar to many picture-goers.

The Faurot's program also has Bruce Scenic gems, the Topical Digest and "Smiling Bill" Parsons' new comedy, "They're Off," last time tonight.

ORPHEUM.

"The Other Half," King W. Vidor's latest production made for Robertson-Cole and distributed by Exhibitors Mutual as a superior picture, is a drama of the masses

and classes with "the brotherhood of man" as the keynote.

It is a timely subject in this day of unrest and agitation, and will strike a responsive chord. A true reflection of every day life in American families both rich and poor, with characters whom we all know and whose joys and sorrows are our own, this production is human and understandable.

J. Martin Trent, the hard-boiled money-king; Katherine Boone, the rich girl whose eyes were opened to the hard conditions of the poor; "The Jazz Kid," the laundry drudge who just couldn't make her feet behave; Jimmie Main, the red-blooded son of toil; Donald Trent, who believed in "no sentiment in business;" Caleb Fairman, who tried to make a truthful newspaper pay; all these are types whose paths cross and re-cross in a play full of real human interest, rich in emotional content and genuine humor.

This fine five reel feature shown Sunday at the Orpheum in addition to the regular vaudeville bill. That this last half is one of the best seen at this house this season.

"CRY OF THE WEAK" TODAY AT THE LYRIC

Kindly old Judge Creighton, with thirty years' experience on the bench told his friend District Attorney Dexter that there is some good to be found in even the worst of us. Dexter disagreed and voiced the opinion

that "Once a crook, always a crook."

From a friendly debate over the chessboard their controversy is suddenly and tragically transformed into a story of real life, for the Judge is shot by thugs, Dexter's wife is discovered shielding and hiding one of the desperadoes, and Dexter's whole theory of life is overturned when his wife confesses that she had been dragged up in the underworld by a

is the only real improvement made in range construction in 25 years.

The Coal is fed under the fire and the smoke gas and soot are consumed.

Will positively save 25% or more on fuel bills.

We are sole agents for the Famous RETORT OAK SOFT COAL BASE BURNER. The Retort Oak is built for a good stove; they are sure firekeepers, it is no trouble to carry fire 24 to 48 hours without addition of fuel. They are easily managed, control of fire is absolute and they have a fine appearance. Retort Oaks are large stoves, therefore they are economical with fuel. They will heat a certain space with less fuel and with the cheapest kind of fuel. They will burn soft coal, hard coal, or slack with perfect satisfaction. It is the best self feeding soft coal stove on the market. It is a clean stove because the fuel is not fed into the door on top of the fire. It is a perfect hot blast with dust free construction. Call and see it.

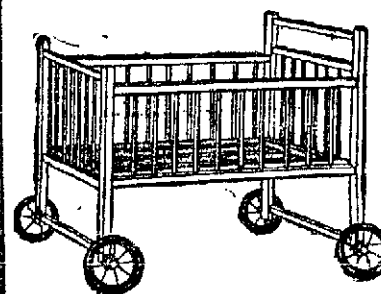

The "Underfeed" principle is the only scientific way of burning soft coal. The fuel being fed under the fire, all products of combustion (gas and smoke) are forced to pass through the red hot coals, and they are converted into a blazing flame, producing a strong even heat at all times.

TWO SHOW GIRLS HELD BY COURT

WAPAKONETA, Sept. 19.—F. Carl Lietz, a prominent resident of the St. Marys district, and a member of the Board of Trustees of St. Marys township, was a victim of pickpockets at the Big Auglaize County Fair, Wednesday afternoon. Mr. Lietz was at the gate where the race horses enter the track from the speed barn, and during the excitement occasioned by a rare horse running wild on the track without a driver, shortly after the noon hour, someone lifted a wallet from Mr. Lietz's hip pocket, the purs being exposed, as Mr. Lietz wore no coat. The wallet contained a \$50 Liberty Bond and a dollar bill.

Blinded by the glitter and tinsel of the stage and the glare of the limelight, Alma Roffert, 15, and Mildred Neuman, 16, both of Cincinnati, ran away from their homes Tuesday to join a show that makes

a business of traveling with Fairs, and which is at present at the Auglaize County Fair. They are now in custody of the juvenile court here.

The petition presented to Council a few weeks ago, asking that the police and firemen be granted a \$15 a month increase, was again discussed, and the Solicitor was instructed to prepare the necessary ordinance, providing for the increase asked for. This will increase the salaries from \$75 and \$85 per month to \$90 and \$100 per month. The Chiefs of the departments to receive \$100 each per month. The new ordinance will affect two policemen and four firemen. The new schedule is not to be effective until the next appropriation is made in January of 1920.

ROBS DAUGHTER; IS SENT TO WORKHOUSE

VAN WERT, Sept. 19.—Frank Darnitz, convicted on a charge of stealing money, the property of his daughter, Mrs. Earl Miller, has been transferred to the workhouse in Toledo, by Constable S. M. Baxter. During his sentence of six months and a fine of one hundred dollars and costs.

Sheriff Sells has received an information which indicates that the man now in the county jail who was found wandering in Ridge township, is George Stanley, once a prisoner at the Ohio Penitentiary. The prisoner still maintains that he does not know his identity.

Mrs. Mary E. McCurdy, widow of

Your Grocer Said

"That man's trade is welcome at my store; he usually pays cash but his credit is good; I know he will pay every dollar, because he saves; he showed me his pass book, proving how regularly he has deposited his money in the Allen County Savings and Loan Company, and the interest credited every January and July; I wish all my customers were savers."

Did your grocer say that of you? Your grocer will not know how much you have saved nor where you have your money unless you tell him, but he can make a good guess whether you have saved some way; he can tell by your manner.

A savings account makes a man hold his shoulders straighter—it gives him confidence—it banishes fear.

the late A. B. McCurdy, a resident of Van Wert in the early days of the town, is dead at the family home in Wooster, at the advanced age of ninety years. Mrs. McCurdy was born in Pennsylvania, on May 15, 1829, and was a daughter of Mr. and Mrs. George Himmelreich. Mrs. McCurdy, with her husband, became residents of Van Wert and he was for years the proprietor of the store now conducted by Crooks Brothers.

FARMER PAYS HIGH FOR STOLEN FORD

CELINA, Sept. 19.—Miss Nell Queene, of Springfield, was in Celina Wednesday afternoon to get her Ford car that had been stolen on the streets of Toledo some weeks ago.

Miss Queene, together with two other young ladies, were driving from Grand Rapids, Mich. to Springfield, and had stopped at Toledo, parking the car in front of a department store. They entered the store and were in there possibly 40 minutes. On going to get her auto it had disappeared. Miss Queene at once notified the authorities at Toledo and sent out cards offering a reward of \$50 for the return of the car.

The car was brought to this county and sold to a Rockford resident since which time it had changed hands three times.

Miss Queene's car was a 1918 Ford. The Delphos farmer had purchased it for \$515.

WHEAT SMUT COST BIG SUM — IS PREVENTABLE

"Ohio farmers probably lost hundreds of thousands of dollars this year on account of stinking smut of wheat, according to Professor W. G. Stover, plant pathologist at the Ohio State University. In some localities practically every wheat field had some smut and in some cases as much as 50 percent of the crop was destroyed and the rest badly tainted.

"Sowing smutty wheat will give a smutty crop, and a little smut this

year usually means more next year," says Professor Stover. "Treating the seed grain with a dilute solution of formaldehyde has long been known as a reliable means of preventing stinking smut. The treatment costs only about five cents an acre and should be widely used this year.

"Very smutty grain probably should not be used for seed unless treated by the soaking and skimming method. If not much smut is present, the sprinkling method may be adopted and is more easily handled. The grain should first be thoroughly cleaned by running it through a good fanning mill several times if necessary. All shriveled grains and especially all smutted kernels should be removed.

"The formaldehyde solution is made by stirring one pin of formaldehyde in 40 gallons of water. This will treat about 50 bushels of grain. In the sprinkling method the wheat is spread out in a thin layer and sprinkled over with the solution while being shoveled over and thoroughly mixed so that all the kernels are made fairly wet. It is then piled up and covered with canvas or blankets for two hours, then spread out again and stirred occasionally to hasten drying.

"Treated grain should be sown as soon as possible; by all means within 24 hours, or a poor stand is likely to result. Treat in small lots only—not more than can be sown in a day. If this is done in the evening, sowing can begin early the next morning. Another plan is to treat in the evening what can be sown the following forenoon and in the morning what can be sown in the afternoon."

Full directions for the sprinkling treatment and the soaking and skimming method may be obtained from the county agricultural agent or from the Extension Service of the Ohio State University.

MINERS TABLE ALL MOTIONS ON TREATY

CLEVELAND, O., Sept. 19.—The convention of the United Mine Workers of America today voted down a resolution endorsing the league of nations and calling upon the senate to ratify it without amendment and without further delay. The convention by a large majority then voted to table the entire subject including motions against the adoption of the league of nations as now constituted. The debate showed a wide range of opinion for and against, indicating that the miners were sharply divided on this question. The motion to table the subject was carried largely on the argument that the peace treaty had now become a political issue on which a labor convention should not be called upon to take action.

LINEMAN ELECTROCUTED
BUCYRUS, Sept. 19.—Leander R. Ridenour, 16, assistant telephone phone lineman, was electrocuted today when he came in contact with a live wire.

RUNS AGAINST SNAG.
HAMILTON, O., Sept. 19.—City Solicitor Koehler has found it is dangerous to utilize the O'Brien law, permitting the removal of street car tracks by the city, the cost to be charged against the car company. He says the local car company is in receiver's hands, may be sold, and that it might be legally impossible to collect the money from the purchaser. A local \$80,000 removal job therefore must wait.

ODD FELLOWS CLOSING
BALTIMORE, Md., Sept. 19.—With but two days left in which to transact the remaining business of their annual session, the Sovereign Grand Lodge, Independent Order of Odd Fellows, the Association of Rebekah Assemblies and the auxiliary council, Patriarchs Militant, started in this morning with what was expected to be an all-day meeting.

WILL MEET AT NEWARK
CLEVELAND, O., Sept. 19.—Newark is to be the host next August to the Ohio Chiefs of Police at their twentieth annual meeting, it was decided last night at the conclusion of the convention of the Ohio Police Chiefs here. A. A. King, chief of police of Lorain was elected president.

WOOD CO. OFFICE**

Burglars last night entered the office of the Cliff Wood Coal company, 355 South Central avenue, and stole stamps and cash to the extent of \$13.36. Besides this an order for \$231.73 was taken. The order, however, can not be cashed.

Entrance was gained by forcing a front door. One hundred one cent stamps, \$4.38 in cash from the draw and three envelopes containing \$7.33 were also stolen. Police are investigating.

**HUSBAND, TOO
WANTS DIVORCE**

In common pleas court, this morning, Walter Burgess filed a cross petition and answer to a suit for divorce recently filed by his wife, Emma Burgess, in which he states, she has been guilty of extreme cruelty and gross neglect of duty toward him.

He asks that he may be granted the divorce, given one half of the furniture and custody of the child.

TO CROSS CONTINENT
MINEOLO, New York, Sept. 19.—Carrying 14 passengers, including a crew of five men, the Lawson Air Liner left here at 8:39 o'clock this morning for Washington on the first leg of a proposed trans-continental flight. The plane recently completed a trip from Milwaukee to this place. Contrary to expectations no United States senators were carried on today's trip.

EXPECT MILLION MEMBERS

Applicants For Membership Must Purchase at Least One War Savings Stamp—Pupils Selling More Than \$500 to Be Awarded Medal—Ohio Savings Committee Looks For Big Sales From Schools During Last Four Months of Year.

Columbus, O.—(Special)—Everyone of the million school children in Ohio, as well as 25,000 teachers and 1,000 superintendents are to be urged to join the "Ohio First Club." Membership in this organization, which is confined exclusively to school children and their teachers, may be gained only by purchasing one or more War Savings Stamps. As soon as a War Stamp is purchased the buyer automatically becomes a member of the club and a membership card is issued to the new member. School children buying or selling \$500 worth

of War Savings Stamps will be given a special medal.

**HELPED MY SISTER
SO NOW I WANT TO

Dayton Lady Had Nervous Dyspepsia, Backache, Constipation and Gas-tritis for Years.

Great Relief Obtained From This Natural Root and Herb Medicine, Which Every One Seems to be Talking Of.

"My sister received such wonderful relief by taking Dreco, that I also took it, and it has done as much for me as it has for her," said Mr. L. D. Soldiers, of 211 Fillmore St., Dayton, O.

"I had nervous dyspepsia very bad, no matter how careful I was about my food, I'd have dull pains in my stomach, acid risings, gas bloated me up, and I'd become very nervous. I was daily constipated, and often had racking headaches.

"Dreco went right after my troubles, and now they are all gone and I feel better than in many a day. I have a huge appetite, and my food digests perfectly, with no bad after feeling; bowels act regularly day after day; my nerves are quieted so that I get restful sleep every night. There's nothing too good for me to say about Dreco."

Dreco is different from most of the popularly advertised medicines of today, for most of them contain iron. Any doctor or druggist will tell you that iron will cause constipation, therefore any one who has a tendency toward constipation, should avoid iron in any form. Dreco contains no iron but is made entirely of herbs, barks and berries and remedies provided by Mother Nature, and has a positive action on the stomach, liver, kidneys and blood.

Mr. Stout, the well known Dreco expert, has headquarters at Baldwin's Central Drug Store, to meet the local public and explain the merits of this great remedy. See him today.

WORDS, MASTERS OF OUR ACTIONS

Importance of Speech Declared to Be as Great as That of Ideas

"Words are women, deeds are men," wrote George Herbert in the early sixteen hundreds. "Actions speak louder than words," runs an old proverb. Democritus said, "words are but the shadows of actions." These are only half-truths, however. They might just as well be reversed. There can be no action without a thought behind it. But you can't voice a thought without words.

A dictionary should be a daily companion. Within reach every hour of the 24, frequent consultation would produce surprising results in a short time. We feel sure that our offer of The New Universities Dictionary will be of lasting benefit to our readers. We know of nothing that could be more welcome at the same time in office, school, home, shop and study. Our coupon in today's Lima Times explains terms.

ROMANIANS GO HOME

YOUNGSTOWN, Sept. 19.—Upwards of 1,000 Romanians have left Youngstown this week for their homeland, 500 leaving in one day in special cars attached to an Erie train. The exodus will continue, it is said, until 2,000 passports, secured by Romanians here, are exhausted. Applications for additional passports are being taken by a vice consul. Serbians, Greeks, Croatians and Italians are also leaving.

Just What She Needed.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them." mon-wed-fr

French Youngsters Delighted Over "La Boxe" Due to Y. M. C. A. Athletic Boom Overseas

If Mr. J. Dempsey holds his title long enough he may have to be dodging swings and uppercuts from one of these French youngsters, who are getting their ring education early. They are just two of thousands of other lads overseas who, since the visit of the A. E. F., equipped with its scores of Y. M. C. A. athletic directors and hundreds of thousands of dollars worth of athletic gear, have gone in for sports in a fashion their Gallic ancestors never dreamed of.

Baseball, which probably will remain a strange, outlandish game to their fathers and older brothers, is being taken up by French boys with almost the wholeheartedness of young fans in the U. S. A. Basketball, which the "Y" invented and which it has made one of the

most popular of all games, is taking hold in France. There is something in the French temperament, however, which prevents the youth there from thoroughly enjoying games which require a high degree of combined initiative and teamwork, athletic experts say.

It is in the "mase" games, of which "Y" physical directors are admittedly the world's leading exponents, that the French take the greatest delight, and the value of these games, from the standpoint of a whole nation's physical well-being, is many times that of games in which only a small percentage of devotees can take part.

Boxing seems to be the exception to this "mase" game rule, and the young Carpentiers are cropping up

all over the Republic. Already some of the French lightweights are able to hold their own against good American and British boxers, and the sport is growing fast among the younger generation. The work of the Foyers du Soldat, in which the "Y" is taking the leading part, is a complement to the athletics which the departure of the A. E. F. otherwise would permit to lapse, and thousands of these foyers will keep alive the love of sports.

One of the chief reminders of the "Americans" is the great Pershing Stadium, which the "Y" erected at a cost of \$100,000 and presented to the French nation. Already plans are being made for a great international meet there.

FORESTERS HEAD

CINCINNATI, O., Sept. 19.—W. H. Kutz, of Cleveland, was elected high chief ranger of the High Court of Ohio, Independent Order of Foresters at the closing session of the annual meeting of the order here last night. Columbus was awarded the next triennial meeting.

ONLY WAY IT CAN BE DONE

He was all smiles as he carried his heavy basket on one arm. When he met a friend this colored man of about 50 years said:

"Ah jes wanted to show Mandy dat she was wrong! You know she says dat you can't fill your market basket for a dollar and moah. Well look at dis basket and say if it ain't all filled up!"

He uncovered the basket and it contained a great big watermelon. "Ah done prove dat you can fill your basket for a dollar, didn't I?" he asked as he continued his journey with a broad smile.

THE LONG RESTS DID IT.

"Ludendorff," said Representative Shouse, "is telling the world the reason why he lost the war. Ludendorff's excuse reminds me of the Irishman.

"An Irishman and a Yankee rowed a race one day. The Yankee was so casly the Irishman's superior that every little while he'd stop rowing and wait for Mike to catch up.

"Well, Mike was beaten, of course, but he said afterwards:

"Faith, O'd have bested the bhoys any if O'd stopped an' took the long rests he did!"—Detroit Free Press.

The world needs above everything else a more general participation by men and women in the serious productive work of the world, and a still-mightier effort to render humanity more intelligent and increase its supply of common sense.

"WONDERFUL HELP" SAYS MRS. HARRIS AN ENTHUSIAST

Tells What Nerv-Worth Did For Her Serious Ills Including Rheumatism.

The following eloquent and convincing letter was received by Drug-gist C. W. Phillips, of Elyria, Ohio. Dear Sir—I can't say too much as to the merits of Nerv-Worth as I have been greatly benefited since using two bottles. I have been in a very nervous run-down condition for nearly two years and had tried different doctors' medicines but found relief for only a short time. Nearly two years ago I suffered greatly with rheumatism accompanied with much heart disturbance and great weakness which was followed up with a stroke of apoplexy. Gradually grew weaker and thinner until reading of Nerv-Worth and what it had done for others I resolved to try it. Since using two bottles I feel much improved and will continue its use as I feel that it has been a wonderful help to me.

THREE COUNTIES SELL WAR SAVINGS QUOTA

Columbus, O.—(Special).—Three Ohio counties, Morrow, Licking and Warren have sold their 1919 quota of War Savings Stamps. They are the first three counties in the United States to make their quotas, thereby gaining the title of Champion War Savings Stamp counties of the United States. F. B. McMillin of Mt. Gilead, C. H. Spencer of Newark and Harry Hamilton of Lebanon, respectively, are chairmen of the banner counties.

Morrow county has an average per capita sale of \$24.97; Licking, \$17.64, and Warren, \$16.55. The total sales to Sept. 1 for Morrow county were \$436,564; Licking county, \$972,185, and Warren county, \$364,152. Morrow county had a per capita sale of \$40 last year, leading every county in the nation. Chairman McMillin of Mt. Gilead is nationally known now as the champion War Savings Stamp chairman of the United States.

RUSH FOR WAR STAMPS

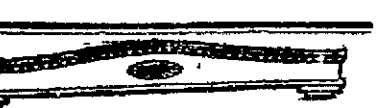

Ohioans During August Scramble to Get Savings Securities.

Columbus, O.—(Special).—Ohio officials who have urged that the swiftest way to bring down the cost of living was to increase the savings and to lessen the expenditures of the people have taken hope in the report of the Ohio War Savings Committee that the sale of War Stamps in Ohio during August showed an increase of 54 per cent over the July sales.

With the reopening of the schools the sales for September will show another increase it is expected. There are only four months remaining in which Ohio can reach her 1919 quota, but savings officials confidently expect to make it. Ohio still continues to lead the nation by a comfortable margin.

Many farmers blame the poor clover seed crop to the grasshopper. Anyway it looks like the price of clover seed will be very high for the coming season. The farmer that has a good crop of clover seed this season is in luck.

WATCH YOUR BUYING SAYS GRAND JURY; DEALERS ARE O. K.

Reduction in Price of Food-
stuffs Since Investiga-
tion Started

NO ONE IS INDICTED

Action of Manufacturers
Causes Some High
Prices, Jury Says

Despite the fact that extensive investigations were made of the high cost of living by the Allen county grand jury which completed its investigations yesterday afternoon, there are no indications of a conspiracy existing between the various dealers in the city, according to the report returned by that body.

Dealers in practically every line have been interrogated by the jury, and each witness was carefully examined with reference to the advancing prices charged consumers for the necessities of life. The jury in its report says:

"Some retail merchants report they have entered into binding contracts with manufacturers for goods, stating the amount and price of the commodity purchased, and we have learned that the manufacturer has frequently refused to fill the order, selling the goods on a higher market to outsiders and it selling at all to the retailer with whom he originally contracted, selling at a higher price."

It is the belief of the grand jury that the price of necessities might be reduced should the buying public exercise greater care in the purchase of them as there is a wide difference in the price of foodstuffs in the city. There has been a reduction in the price of foodstuffs since the investigation was started, according to the report.

The grand jury recommends that the Ohio legislature appropriate a sufficient amount of money to carry into effect House Bill, No. 72, found in the 107 O. L., 429, entitled "An Act to Create a Bureau of Markets in the Department of the State Board of Agriculture."

Jail Changes.
Upon investigation of the jail it was discovered that the covering over the door at the entrance of the jail is in such a condition that it would be an easy matter for a prisoner to stand on top and kill the sheriff or his deputies as they enter the jail. It is recommended that this be changed.

Jail is Clean.
The jail is in a clean condition, the jury reports, and it further recommended that the railing leading from the second floor to the first be removed. These recommendations have been made from after trial, for some years past, but the repairs have never been started.

MURDER THEORY IN CARY CASE HELD TO BE UNFOUNDED

Official Points to Unmis-
takeable Evidence of
Suicide

DEADLY KNIFE GONE

But Most Likely Thrown
Into River by the
Demented Man

It is the opinion of Sheriff Baxter
that to advance a murder theory in
the case of Samuel W. Cary, aged
35, 607 Albert street, who was found
dead Wednesday afternoon is un-
founded. Every indication, the sher-
iff says, point to the fact that Cary
took his own life. The mere fact
that the soft earth showed no signs
of a struggle is plenty of evidence
if had Cary's shirt not have been
lying by his side, greatly folded with
his collar and the lying in it. Even
the man's shoes had been removed.
Signs show that after Cary's
throat was cut, he managed to grasp
a sapling and raise his body. If he
had strength enough to do this, the
sheriff believes, he had strength
enough to throw the instrument with
which his throat was cut, into the
river which was only a few
yards distant.

While all the razors belonging to
Cary were found at home, there is
no trace of his pocket knife, which
according to information received by
the sheriff was kept in a very sharp
condition at all times. Sheriff Baxter
avows it would have been a very
easy matter for the instrument, had
it been a knife to have landed in the
soft mud of the river bed length-
wise and buried itself.

These facts with remarks made by
the dead man before he left his home
Tuesday go to show there was no
foul play, but that Cary undoubtedly
ended his earthly career by his
own hand, Baxter declares.

FUNERAL SATURDAY

Funeral services for Mrs. W. C.
Wentz, who died early Thurs-
day morning at her home on West
Wayne street have been announced
for 2 o'clock, Saturday afternoon, at
St. Paul's Lutheran church. Inter-
ment will take place in Woodlawn
cemetery.

FUNERAL SATURDAY

Funeral services will be held at
10:30 o'clock Saturday morning for
W. J. Ferguson, for many years a
commission merchant, who died at
his home on East High street Thurs-
day morning. Services will be held
at the late residence, Rev. Walter D.
Cole to officiate. Burial will be
made in Woodlawn cemetery.

MURDER JURY DISAGREES

ELYRIA, O., Sept. 19.—The jury
in the case of Mrs. Elizabeth Tropea,
of Lorain, charged with the murder
of her husband, Rocco Tropea, at
Lorain, last May, disagreed late
last night. Mrs. Tropea was
indicted with Jim Tropea, of Cleve-
land, a cousin of her husband, who
will be tried soon.

WIFE SEEKS DAMAGES.

SPRINGFIELD, Sept. 19.—Charg-
ing that Ruth Berry has won the
affections of her husband and that
their home in Champaign county has
been wrecked, Mrs. Nellie B. Mc-
Laughlin brought suit against Miss
Berry for \$20,000 damages. The
defendant is a resident of Clark
county. Dr. Clarence M. McLaughlin
is husband of the plaintiff.

FILES ANSWER

Mrs. Estella Messman, from whom
Ralph Messman is seeking a divorce
filed an answer in common pleas
court, this morning, in which she
denies the allegation made against
her in the petition of the plaintiff.
She asks that the suit be dismissed
at the cost of Messman.

LIMA AUTO CLUB AFTER 3,000 NEW MEMBERS IN ALLEN

Systematic Drive Through
County to Increase
the Enrollment

WILL MARK ROADS

Opposition to Proposed Law
For Higher Taxes on
Machines

The Lima Automobile Club will,
in the very near future, open a
campaign in an effort to secure at
least 3,000 new members, accord-
ing to an announcement made at
the club's smoker held in the Cham-
ber of Commerce auditorium Thurs-
day night. It was cited that the
number of automobiles have been
greatly increased in Lima, and yet
the club has not grown in compar-
ison.

The county according to the plans
will be divided into forty sections.
A captain will be appointed to each
section, and he will select his team
each captain will be held respon-
sible for the number of new mem-
bers secured in his respective sec-
tion. It is anticipated, in this man-
ner, there will be little trouble in
securing the 3,000 members.

President Colver announced that
an order for three hundred new
direction signs has been placed, and
as soon as they are completed the
signs will be installed at practi-
cally every crossing in the county.
This is something that has been
lacking in Allen county, and a great
benefit should be derived from this
move. It is thought.

The local organization will fight
the proposed increase in automobile
taxes, which will come before the
legislature in December. R. A.
Gramm, of the Gramm-Bernstein
company, voiced the sentiments of
the club on this matter when he
said:

"The average motorist will not
object to being taxed a bit more
providing the taxation brings ac-
tual benefits to them. If these
higher taxes will improve the road
any then it is my opinion they will
be justifiable."

Walter S. Jackson, prominent

local attorney, is positive that it
will take a strenuous fight to pre-
vent the legislature from increasing
the taxes. The public at large, not
owning automobiles, are in favor of
it he believes. He stated, this is
due to the fact that a more or less
antagonistic attitude has been as-
sumed by the average motorist.
They have enraged the public by
loud and unnecessary noises at
night, as they have also done by not
being careful and causing more or
less accidents by running into pe-
destrians.

The automobile club should co-
operate with the public in every way
he stated, and make every effort
toward getting the good will of
the people mainly by being care-
ful and considerate.

There was only a handful of
members at the smoker last even-
ing. But those who did attend felt
amply repaid by the various talks.

ANOTHER GARBAGE MAN IS ARRESTED

Ike Wade, 58, East North street,
is the second garbage collector to be
arrested in a week on charges pre-
ferred by the Sanitary Garbage com-
pany, who was recently awarded the
contract for collecting garbage in
the city.

According to the ordinance no per-
sons other than the firm which se-
cured the contract from the city are
allowed to collect the garbage. In
fact, the ordinance so reads that a
man who disposes of his own gar-
bage by hauling it away is subject to
a fine.

Prosecutors attorneys, however, be-
lieve the new ordinance is not legal,
as it not only interferes with a man's
rights but awards a firm a monop-
oly.

Wade's hearing was postponed
until Monday.

EXALTED RULER OF ELKS AND HIS MOUNT MAKE DECIDED HIT

Hussar Band Gets Applause
All Along Line of Col-
umbus Parade

LIMA ELKS CLEAN UP

Win Parade Prize and Cap-
ture Convention for
Next Year, as Well

Lima Elks took Columbus by
storm Thursday when the big dele-
gation of the antlered tribe pulled

down the prize for the best lodge in
the parade and then grabbed off the
convention for next year, as told in
yesterday's Times.

The one big hit of the parade,
aside from the noted Hussar band
that the Elks framed up and sent to
Columbus, was "Jobey" Kaufman,
who rode at the head of the Lima
delegation in the parade.

Not only did Kaufman's usual
smiling countenance make a big hit
with the big crowd, but his "mount"
won vociferous applause. The popu-
lar exalted ruler of the Lima Lodge,
No. 54, was mounted on a real, live
Elk and all along the line he was
given a stormy greeting.

Return This Morning
The big delegation got in from
Columbus early this morning and
not satisfied with the big parade in
Columbus, the antlered tribe staged
an early morning review in Lima,
marching from the Ohio Electric
depot to the Elks' Home, where the
third crowd was disbanded.

The Lima Elks' Hussar band bids
fair to get a big reputation all over
the state. The band was the talk of

all the Elks and the local lodge
"put one over" as usual by springing
the band on the thousands of Elks
gathered for the convention.

PIONEER TEACHER DIES

Mrs. John Wagner, 80 years of
age living near Delphos died at her
home Thursday morning at 10
o'clock following a several weeks
illness. Mrs. Wagner for many
years was a schoolteacher and is one
of the pioneer residents of Allen
county. She is survived by her hus-
band, two daughters, Mrs. Mary Mc-
Guire, Delphos, formerly of Lima;
Mrs. Dan R. Jones and a son T. B.
Wagner. Funeral services will be
held Saturday morning at 10 o'clock
at Delphos. Burial will be made in
Walnut Grove cemetery.

CARY FUNERAL FRIDAY

Funeral services for Samuel A.
Cary, whose lifeless body was found
on his brother's farm five miles west
of Lima Wednesday, were held at 2
o'clock Friday afternoon at the late
residence. Interment was made in
Woodlawn cemetery.
